

# URBAN GOVERNANCE AND DEVELOPMENT CAPACITY BUILDING PROGRAM

## TRAINING CALENDAR 2016 -17

### The Genesis:

Capacity building in Local Governments and Urban Authorities goes beyond conventional institutional training. Now, it includes the overall system and environment in which Local Governments and Urban Authorities work and operate functions.

The emerging urban development scenario has made urban governance and management more complex and demanding. It demands equipping officials and elected leaders of Local Governments and Urban Authorities with newer set of skills and competencies to work effectively in the democratic environment leading to inclusive and sustainable urban development.

### The Target Group:

Officials of Ministries, Departments, Agencies, Local Governments, Private Sector, Civil Society, NGOs, Development Forums, Youth, Women, Academicians, Practitioners, Professionals, etc. at all levels.

### Training Partners:

1. Ministry of Local Government
2. SKY - AVSI Foundation
3. Human Rights and Peace Centre
4. Uganda Road Sector Support Initiative
5. Centre for Urban Studies and Research
6. Ministry responsible for Urban Development
7. Kampala Capital City Authority
8. The Media
9. Democratic Governance Facility
10. AFFCAD - Action for Fundamental Change and Development
11. Federation of Young Entrepreneurs

The Vision of Training is to Promote excellence through responsive, transparent, accountable and inclusive urban development to make cities / towns productive and liveable.

"The Mission of Training is to enhance performance of individuals that fosters an environment of excellence in good urban governance."

### Thematic Areas of Training:

1. Urban Governance: Framework and Perspectives
2. Urban Planning: Principles, Policies and Methods
3. Urban Management: Integrated Development
5. Seminars / Workshops / Conferences / Public Dialogues and on-site Exposures.

### Thinking and Moving Strategically

This capacity building program will focus on three areas;

- (i) Improving the knowledge of local leaders on the operations and development challenges of their respective local governments
- (ii) Sharpening their management competencies and leadership skills
- (iii) Enhancing their awareness of integrating the social, economic, spatial, ecological and political environment in development planning.
